Some people see things that are and ask, Why? Some people dream of things that never were and ask, Why not? Some people have to go to work and don't have time for all that. - George Carlin

Health and Safety

Always use the correct Personal Protective Equipment (PPE) for your work area. These include safety glasses, the correct shoes or boots, ear plugs, gloves and hardhats where appropriate. If you are not sure what you need for your job, ask your supervisor. Safety is a part of everyone's job.

NEMROC Equipment and Facility Fund

We are again asking for donations for the *NEMROC Equipment and Facility Fund*. Last year we raised around \$5000, which we consider a great start. First year improvements include new pop and candy machines, paper plates and towels in all break rooms, and new doors and entry ways. As the Fund builds, we will be able to make bigger changes. To find out how to give, or ask about Tax benefits, please contact the accounting department.
